

INTERNATIONAL COMMUNITY OF PRACTICE FOR
SUSTAINABLE URBAN DEVELOPMENT

Kick-off Meeting

Connective Cities Virtual Global Exchange on Crisis Management & COVID-19 resilience building

Partner von Connective Cities

Im Auftrag des

Bundesministerium für
wirtschaftliche Zusammenarbeit
und Entwicklung

Agenda

1. Introduction of the facilitators and core team, followed by:
2. Objectives and aims of the project
3. Introduction of the cities
4. Presentation of the actions and its aims
5. *First presentation of findings so far*
6. Work Plan and next steps

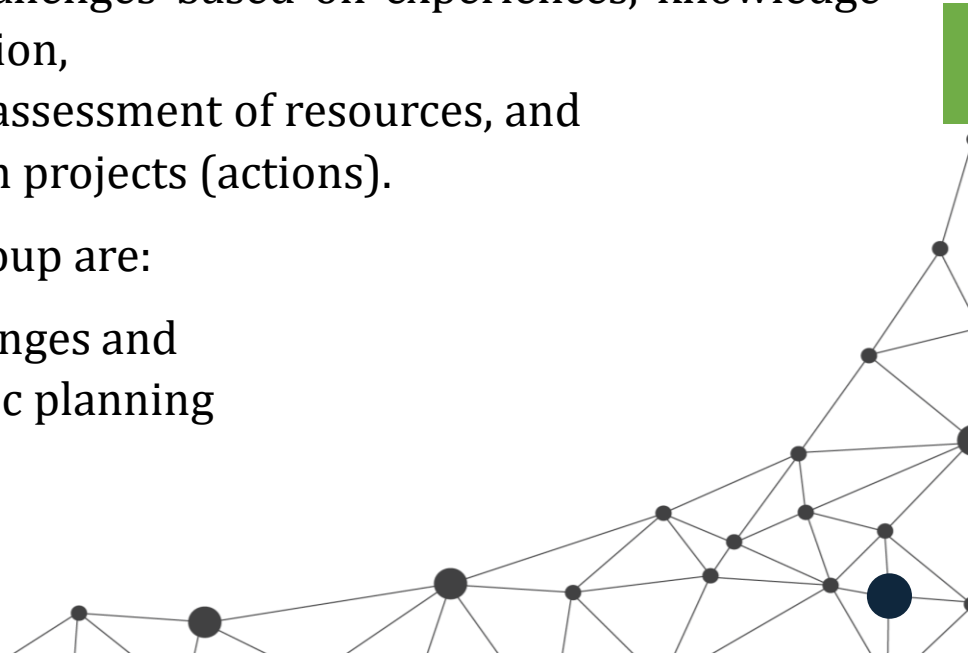

Objective

Supporting cities' resilience during the COVID-19 pandemic by providing capacity-building activities in the direction of Crisis management

working group is formatted with the following primary aims:

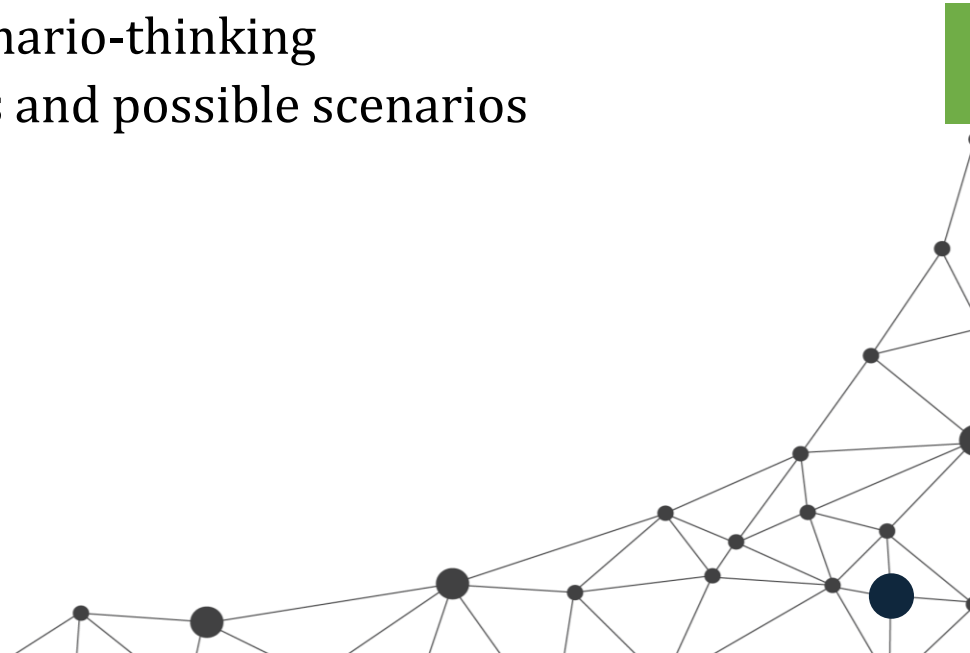

1. identification of crisis management, resilience and Covid-19 response challenges,
 2. analysis and definition of the challenges based on experiences, knowledge transfer and international discussion,
 3. prioritisation and solutions scan, assessment of resources, and
 4. development of a programme with projects (actions).
- Secondary aims for the working group are:
 1. network building for future challenges and
 2. create input for long-term strategic planning

Presentation of the actions

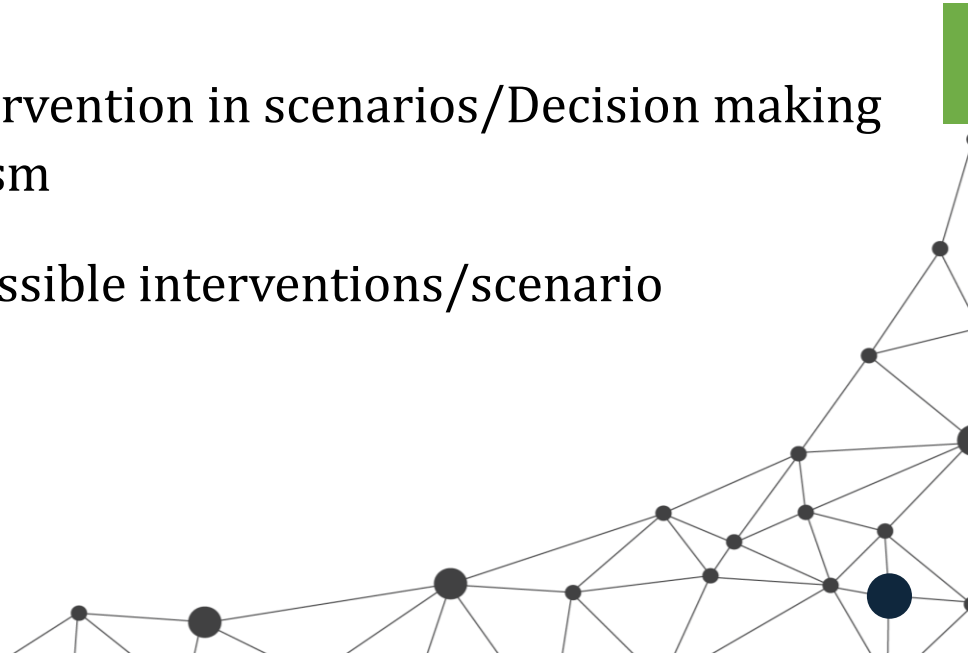

1. Workshop 1 (6 hours): identification of crisis management, resilience and Covid-19 response challenges, (outcome 3)
 - a. Sharing experiences so far by predefined presentations (template)
 - b. Examples from outside the cities 1 (emergency plans, business continuity plans, communication plans, volunteer management etc)
 - c. Theory and practice in scenario-thinking
 - d. Identification of challenges and possible scenarios

Presentation of the actions

1. Workshop 2 (6 hours): analysis and definition of the challenges based on experiences, knowledge transfer and international discussion. (outcome 3)
 - a. Recap challenges and scenarios (after internal consultation)
 - b. Theory and practice of analysis of challenges (SWOT, POETE)
 - c. Examples from outside the cities 2 (emergency plans, business continuity plans, communication plans, volunteer management etc)
 - d. Theory and practice of intervention in scenarios/Decision making and coordination mechanism
- Deepening of challenges and possible interventions/scenario planning/recovery planning

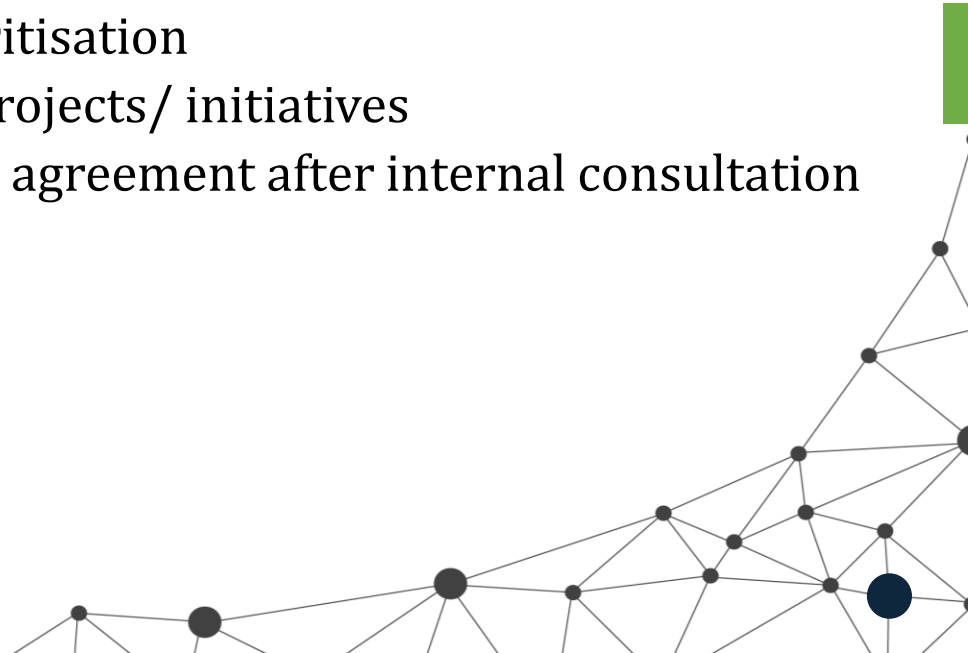

Presentation of the actions

Workshop 3 (6 hours): prioritisation and solutions scan, identification of cities' future initiatives, assessment of resources, and development of a programme with projects (actions). (Outcome 5)

- a. Recap of challenges and possible intervention (after internal consultation)
- b. Project design (objectives, SMART, resources)
- c. Building projects and prioritisation
- d. Working on two possible projects/ initiatives
- e. Agreement on way to build agreement after internal consultation

Phase 2

- Re-examine phase 1 workshop preparation material and derive 5 good practices.
- Work with the relevant city on developing further the one chosen idea with the highest demonstration effect (outcome #7).
