

How to join an event as a guest in the Connective Cities Community?

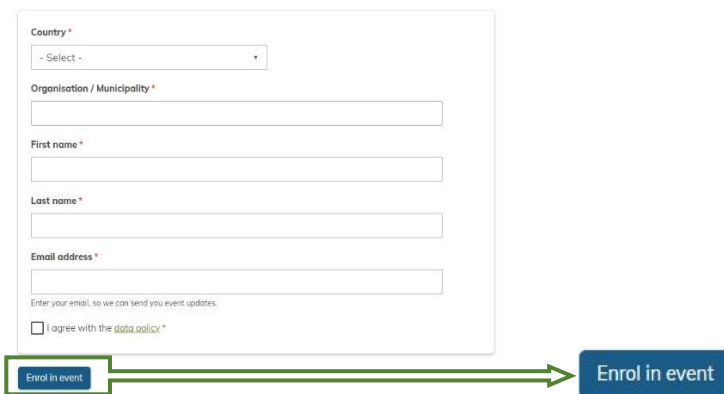

1. Click on the **link** of the event: [Decentralized energy provision on a local level](#)
2. Click on the „ENROL TO JOIN MEETING“-button

3. If you want to join as a guest (no Connective Cities account) click the „ENROL AS GUEST“-button

4. Fill out the **form** with your personal information and click on „ENROL IN EVENT“

The registration form includes the following fields: Country (dropdown menu), Organisation / Municipality (text input), First name (text input), Last name (text input), and Email address (text input). Below the email field, there is a checkbox for 'I agree with the data policy'. A green arrow points from the 'Enrol in event' button at the bottom left to a larger blue button labeled 'Enrol in event'.

5. You will then **receive an E-Mail with the link** to the event and can also see the „JOIN MEETING“-button shortly before the event starts on the platform
