Referat für Stadtplanung und Bauordnung

Targets and focus of green and open space development for the next years

Which goals do we have? What challenges are we facing? What calls for action? What is support, what is obstacle? Which activities, strategies, instruments and different kinds of measures are the right ones?

= fachliche Grundlage

Landeshauptstadt München Referat für Stadtplanung und Bauordnung

STEP2040 – Draft

Concretisation, bundling and visualisation of strategies and measures for spatial development

Munich focuses on:

- green and connected open spaces
- efficient, reliable and climate-neutral mobility
- strong residential areas and sustainable urban development
- climate-adapted landscapes and settlement areas
- climate-neutral neighborhoods and renewable energies
- a cooperative development of the region

STEP 2040 – Green and Connected Open Spaces

۱.

STEP 2040 – Efficient, Reliable, Climate-neutral Mobility

STEP 2040 – Strong Residential Areas and Sustainable Urban Development

Urban Development – Spaces of Action

andlungsräume

Spaces of Action

 - "Hotspots" of urban development
⇒Spatial location of opportunities, challenges and goals

Integrated Concept of Focus Areas

- Concept strategic perspective
- Spatial Concept no (pure) thematic or technical concept
- Action oriented practical implementation as a goal
- Integrated concept interdisciplninary and cross-sectional thinking
- Integrated concept working with all actors involved

Structures: Connection & Coordination by focus area platform

Concepts, Programmes and Projects, e.g.

- Housing Action Programme (WiM)
- Commercial space development programme
- Integrated Smart City action programme
- Local education management programmes (schools, daycare centers, sports facilities)
- Concept for Munich care for the elderly
- Integrated action programme for climate protection (IHKM)
- Zero Waste City Munich
- Munich commercial yards MGH

Evaluation: measurement and reporting system/indicators

Bellevue di Monaco – In the Heart of the City

Freiham – Smart longterm land policy

Landeshauptstadt München Referat für Stadtplanung und Bauordnung

- 25.000 inhabitants
- Principle of "Continuing Urban Development"
- Inclusive district
- Affordable housing
- Landscape park and open spaces
- Mobility
- Active land policy since the 1960s
