

PCMC SMART SARATHI

Pimpri Chinchwad Smart City Ltd

CITIZEN ENGAGEMENT PLATFORM

Problem Statement (What is the Urban challenge faced by the city?)

Case for Change

Gap Between Citizen View & Government View

Citizen View

Municipal View

I love the City but not the Corporation

What has Corporation done for ME as INDIVIDUAL?

Information not available on demand

Individual Needs of Citizens not available

Citizens don't know / don't use Online Municipal Services

We spend every year on Citizen awareness

Level 1: Reactive

- Responds after the Resident approach

Level 2: Proactive

- Information, push and activities across all channels, generically to all residents

Level 3: Intelligently Active

- Matching information to individual needs in accordance with the cycle of life, living area, data and personal interests

Innovative Solution

(How was the problem solved? Explain Innovative process, cost incurred, outputs achieved)

- The PCMC Smart Sarathi initiative revolves around transforming the conventional methods of Engagement with the citizens of the PCMC from **'Reactive'** to **'Proactive'** and eventually an **'Intelligently Active'** city corporation.
- The Smart Sarathi Application's (Mobile App & Web Application) proactive approach has helped to bridge gap between the corporation and its citizens.
- Project Cost: Rs. 15 Cr (Full ledged Operations Team & Application Maintenance & Development for 5 Years)

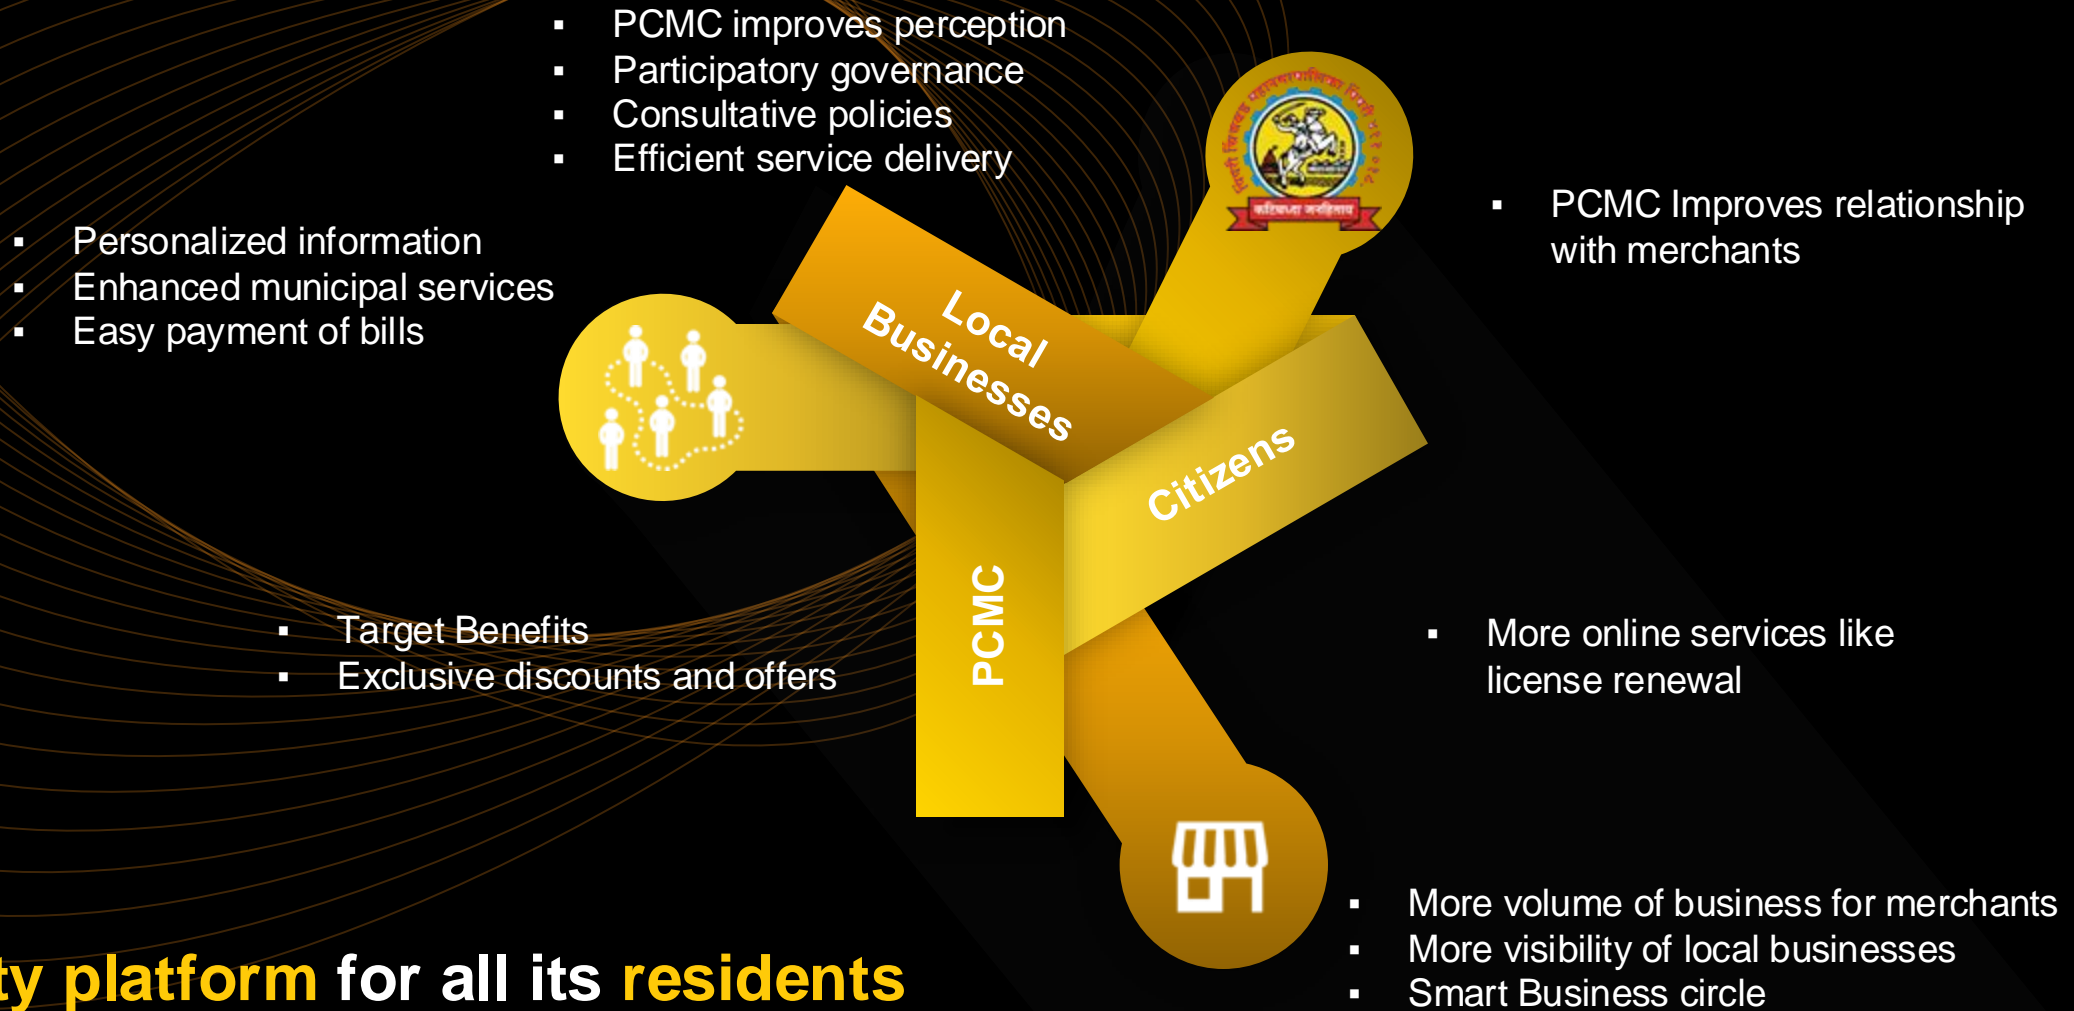

Innovation and Differentiation

- PCMC Smart Sarathi or PSS is a unified layer of Citizens with Municipality for decision making based on Static and Dynamic Data generated by Citizens across the Platform. Active Data is collected through Surveys & Polls asked to Citizens for opinion and feedback. Patterns of utilizing Municipal & Non- Municipal Services provides Passive Data e.g. Current Location, Transaction History etc .

Citizen Engagement Program

Impact on Operations

Monitoring and Tracking

- Effective monitoring of pending bills
- Easier tracking of defaulters
- Reports on various transactions
- 24X7 access to reports online

Improved Forecasting & Effective Planning

- Easier access of Information
- Availability of Historical Information
- Information on Citizens behavior
- Online access of information
- Detail of monthly/yearly payments

Increased Opportunities for new Business

- New revenue stream
- Mutual Benefits
- Enhanced services

Improved Municipality Perception

- Provide improved services
- Removing the Barriers to communication
- Transparency
- Citizen centric governance
- Multiple interaction channels

Effective Decision Making

- Active participation of citizens
- Consultative policies
- Better planning for the development

Impact - Data Driven Decision (D3) Approach

- Citizen's Opinions Gathering Effort & Frequency Improvement: **Conducting targeted survey from citizens** providing quality analysis of the data recorded by citizens with graphical and statistical analysis. The short duration allows the departments to use this more often thereby aiding their **decision making**.
- Data on Citizens: PCMC is slowly and gradually gathering detailed information on Citizens like **Name, Age, DOB, Gender, Address, Ward, Interests etc.** and is also able to uniquely link the departmental databases with every transaction through this platform.
- Next Gen Customer Reach out: The online platform has made it possible to touch base with young citizens between the ages **18-25 years. Eg. Webinars, Events, Startup Funda, Sport Tournaments, etc.**

अर्बन आउटकम फ्रेमवर्क २०२२

आपले सर्वेक्षणातील योगदान वाढवेल पिंपरी चिंचवडचा सन्मान

नागरिक जाणीव सर्वेक्षण ULB Code - 802811
(Citizen Perception Survey - CPS)

अर्बन आउटकम फ्रेमवर्क २०२२ हा भारत सरकारचा लोकसंख्या, अर्थव्यवस्था, शिक्षण, ऊर्जा, वित्त, पर्यावरण, प्रशासन आणि आरोग्य, आरोग्य, ग्रहनिर्माण, मनिसुविधा, नियोजन, सुरक्षा, धमक्याचा व्यवस्थापन, पाणी आणि स्वच्छता, पासारख्या क्षेत्रांमधील सर्व-मिती परिणामांवर आधारित पाठवणीक आणि सर्वसमावेशक डेटाबेस विकसित करण्याचा उपक्रम आहे. या सर्वेक्षणाचा मुख्य उद्देश एक मजबूत डेटाबेस तयार करणे हा आहे. जेणेकरून पुरावाधार आधारित धोरण तयार करण्यास हेतू उत्पन्न करून सामाजिक आणि अर्थिक प्रगती साध्य करण्यासाठी वेळोवेळी निरीक्षण आणि प्रगतीचा मागोवा घेता येईल.

अर्बन आउटकम फ्रेमवर्क २०२२ अंतर्गत नागरिक जाणीव सर्वेक्षण महत्त्वाचे निरीक्षण परियोजना सर्वेक्षण (CPS) हा 'इज ऑफ लिविंग' इंडेक्सचा एक भाग आहे, जे नागरिकांना त्यांच्या शहरांमधील नागरिकांच्या जीवनसंमतीच्या तुलनेत आपल्या माहिती देण्याचा वेत प्रदान करतो. सर्वेक्षणामुळे सरकारची प्रशासनात्मक नागरिकांचे सात प्रश्न होईल, आणि सेवा वितरण व प्रशासन गुणवत्ता मंडळ होईल. सहभागी व्हा, आणि आपले पिंपरी चिंचवड शहर 'इज ऑफ लिविंग' सर्वेक्षणात प्रथम क्रमांकाचे शहर बनवा.

अभिप्राय कसा नोंदवावा?

- 1) <https://eol2022.org/CitizenFeedback> लिंकवर क्लिक करा.
- 2) भाषा निवडा
- 3) वैयक्तिक तपशील भरा
- 4) ULB कोड - ८०२८११ टाका. | ULB Code - 802811.
- 5) राज्याचे नाव 'महाराष्ट्र' आणि शहराचे नाव 'पिंपरी चिंचवड' निवडा.
- 6) एकदा तपशील भरल्यानंतर, 'Proceed' बटु क्लिक करा.
- 7) पुढील पात्रावर, तुम्हाला १७ पर्यायी प्रश्नांची (MCQ) उत्तरे देऊन तुमचा फॉर्म सबमिट करणे आवश्यक आहे.
- 8) एकदा सर्वेक्षण सबमिट केल्यानंतर, क्लिक करा आणि प्रमाणात डाऊनलोड करा.
- 9) सडर फॉर्म भरण्याची पावती आपल्या वॉर्ड ऑफिसमधील हार्डवेअरमध्ये उमरा करावी किंवा आरोग्य विभागाच्या कर्मचाऱ्यांकडे द्यावी. तसेच या पावतीचा फोटो काढून आपण पीसीएमसी स्मार्ट सारथी मोबाईल ॲपमधील 'सर्व्हे व पोल्स' मध्ये अपलोड करा शकता.
- 10) उमरा केलेल्या पात्रांमधून सक्ती हूँ द्या माध्यमातून निवेदनांची निवड केली जाईल.

आपण आपला अमूल्य वेळ काढून आपला अभिप्राय दिव्याबद्दल आम्ही कृतज्ञता व्यक्त करतो.

Replicability/Scalability

(How does the city plan to replicate/scale-up the initiative to rest of the city)

- The Citizen Engagement Program under the ambit of PCMC Smart Sarathi has garnered attention from all e-governance related organisations for its exemplary performance in engaging with the citizens via diverse communication channels and including them in the overall decision making process. Being a pioneer in the field of data backed e-governance, the Citizen Engagement model is being replicated in the sister city of Pimpri Chinchwad i.e. **Pune Municipal Corporation**.
- The project has been proven to work in the Pimpri Chinchwad and it can successfully be exported to other regions. The transferability and replicability of the project can be supported through the right set of technology.

Sustainability- Monetization Model

(How does the city ensures social inclusion, mitigate environmental factors, and ensures financial & economic sustainability through this initiative)

- PCSCCL's various policies and initiatives are devised by optimizing social and economic factors while assessing indirect and long-term consequences. It also takes into account the community's direct effects, such as economic development, social equity, accessibility, and public health. Obtaining continuous feedback from citizens by engaging with them throughout the process increases the initiative's sustainability.
- The amalgamation of technology, communication and strategic intervention has resulted in a boost in citizen engagement and increasing the accessibility, responsiveness and transparency between the organization and the citizens.
- The citizen-centric concept has shown to be effective in the city's transformation initiatives. When customer satisfaction is combined with operational data, additional insights are gained that are not available through traditional communication methods.
- PSS is capable of sustaining itself in the long run due to the monetization practices set in place
